Hobbies and Pastimes Cards

Host guide | A conversation, not a test

Set out a few cards

Choose three to five questions. Cut along the borders if useful, or keep each sheet whole. Everyone may answer, listen, or pass.

Begin gently

Start with choosing a pastime to watch rather than perform. Watching a skilled person paint, repair, cook, or arrange something can be enjoyable in its own right. Make clear that participants are not expected to show a project, explain why they stopped a hobby, or promise to begin a new one.

Make room for every voice

Read one question, then pause. Accept short replies. Ask before inviting more detail. Let each person choose whether to share a memory or invent an answer.

Try this extension

Create a fictional hobby afternoon with three corners: something to watch, something to discuss, and something optional to try. A pair can design a display of tools or materials for one activity. The aim is to notice interests without turning leisure into a goal, obligation, or measure of productivity.
